Northeast Resource Recovery Association  
2101 Dover Road  
Epsom, NH 03234

Dear Friends,

I wish I could join in person for the Northeast Resource Recovery Association's Recycling Conference & Expo. Please know that I am with you in spirit as you network, share best practices and develop strategies to strengthen the recycling services you provide to citizens and communities across the region. Thank you to NRRA and its many members for working so hard throughout the year to encourage and implement thoughtful recycling solutions that benefit our environment and economy.

I've long been a fan of the NRRA and its mission to cultivate a network of capable local leaders who promote municipal recycling and solid waste reduction in their communities. I salute each of you for taking the initiative to participate in this year's recycling conference and contribute to its breakout sessions. The skills you have refined and relationships you have built through NRRA will not only strengthen your own local operations, but also better position the region as a whole to capitalize on recycling and solid waste management innovations *together*. I am sure you will learn so much from this experience and from each other as well.

I appreciate all you do to manage recycling programs with professionalism and skill, and I wish you all the best as you continue your good work.

Sincerely,

Jeanne Shaheen  
United States Senator
